

Roof Vent

**Ultra**frame<sup>®</sup>  
Transforming light and space

# New improved roof vent

The Ultraframe roof vent offers a striking contemporary look and its design is thermally broken offering a host of performance benefits.

- Modern, slimline look
- Aluminium sash as standard
- Long lasting durable
- PVCu welded frame to eliminate leaks
- Better gaskets
- Thermally broken
- Any colour or foil
- Available with manual or electric openers
- Optional aluminium internal claddings
- Dry fit product

# Roof vent options

A wide range of options are available to personalise the roof vent, ensuring that it perfectly complements any conservatory.

## Colours

The Ultraframe vent is available in the colourways below as standard stock items and also available in any RAL or special colour as a bespoke item.

Please specify the colours of the frames and sash when ordering the roof vent.
